CONSTRUCTION ADVISORY
Trolley Station Construction & Detours

TROLLEY RENEWAL

12th & Imperial Transit Center

Schedule

- **Late October through early March 2013**

Benefits

- Improvements for this project will include: new station boarding platforms, next-arrival electronic signs, shelters, track, switches, overhead electric wiring, and more.
- The work will make trolley boarding safer and raise the platform to accommodate the new low-floor trolleys.

Station/Rider/Business Information

- The station will remain open during construction; however there will be detours in place to access the trolleys.
- One of two eastbound lanes on Imperial Avenue, between 11th Avenue and 13th Street, will be temporarily closed through December 2012. Traffic controls will be in place.
- Local businesses and pedestrian walkways, including ADA ramps, outside of the station will remain accessible.
- Most work will occur between 7 a.m. and 6 p.m., Monday through Saturday.
- Limited night and weekend work may occur.
- The schedule may change with very little notice.
- Noise and dust is anticipated during construction, especially during demolition of existing pavement.

Please use **extra caution** during construction when crossing the tracks.

The Trolley Renewal Project

The Trolley Renewal Program is a joint project with the San Diego Association of Governments and the San Diego Metropolitan Transit System. This work is part of a $720 million project to renew the entire MTS Trolley network. Once complete, new low-floor Trolleys will operate throughout the system. All stations will be equipped with next-arrival signs, new shelters and seating. The end result will be easier access, quicker trips, a more comfortable ride, and an enhanced transit experience.
